## REQUEST FOR QUALIFICATIONS (RFQ) PROFESSIONAL ON-CALL AIRPORT PLANNING, ENGINEERING, ARCHITECTURAL & CONSTRUCTION INSPECTION/ADMINISTRATION CONSULTANT SERVICES FOR BRANTLEY COUNTY AIRPORT, NAHUNTA, GEORGIA

\*\*\*\*\*

**This template can be modified but must maintain compliance with 49 USC § 47107(a) (17), 2 CFR §200.320, and FAA Advisory Circular 150/5100-14 *Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects*, as amended.**

\*\*\*\*\*

The Brantley County Board of Commissioners is seeking a qualified aviation consulting firm to provide professional on-call planning, engineering, architectural, and construction inspection/administration services, including, but not limited to, geotechnical/subsurface investigations and topographic surveying, environmental assessments, preliminary and final design, and bidding, at the Brantley County Airport in Nahunta, Georgia.

It is the intent of the Brantley County Board of Commissioners to enter into a Master Agreement with a consultant for the upcoming five (5) year period. The selected consultant will negotiate and enter into individual work authorizations/task orders for services based on the scope of work, with the Brantley County Board of Commissioners on an assignment-by-assignment basis during the term of the Master Agreement.

The services are limited to projects that the Brantley County Board of Commissioners expects to initiate within five (5) years of the effective date of the Master Agreement. A list of the anticipated projects for the five (5) period is attached. It is noted that some services may not be required. The Brantley County Board of Commissioners reserves the right to initiate additional procurement actions for projects and work items included in the initial procurement.

The selection of the consultant will comply with 49 USC § 47107(a) (17), 2 CFR §200.320, and FAA Advisory Circular 150/5100-14 *Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects*, and applicable Georgia statutes and laws, as amended. Responding firms/teams must possess a current pre-qualification by the Georgia Department of Transportation in Area Classes No. 1.08 Airport Master Planning and No. 2.09 Aviation (determined by project list).

The consultant and any subconsultants proposed shall not discriminate based on race, color, national origin, or sex in the performance of this contract. Disadvantaged Business Enterprise (DBE) utilization is required for federally funded projects over \$250,000. The DBE goal for FY\_\_ is \_\_%. Proposed DBE firms are to be certified by the Georgia Uniform Certification Program. The consultant shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of all Federally-assisted contracts. Failure by the Consultant to carry out these requirements is a material breach of the contract, which may result in the termination of the contract or such other remedy as the Brantley County Board of Commissioners deems appropriate.

The Brantley County Board of Commissioners reserves the right to reject any submissions to this RFQ, request clarification, or waive informalities/technicalities if they are deemed in the best interest of the The

Brantley County Board of Commissioners. The Brantley County Board of Commissioners is not liable for any costs incurred by the consultant in the preparation or presentation of a response to this request.

### **Scope of Services**

The scope of work to be included in the Master Agreement may include, but is not limited to, the following:

- a. Prepare Project Funding Applications and Capital Improvements Program (CIP) Documents.
- b. Perform Design, Bidding and Negotiation, Construction Administration, and Resident Inspection Services.
- c. Assist with DBE Program Overall Goal Updates / Program Administration.
- d. Prepare/Update Exhibit "A" Property Line Map, Airport Layout Plan, and Environmental Assessments as necessary.
- e. Construct/Rehabilitate Airfield Drainage Systems.
- f. Construct/Rehabilitate Airfield Pavement, Lighting, and NAVAIDs/ILS Improvements.
- g. Construct/Rehabilitate Airport Buildings (Terminal / Hangars / Maintenance).
- h. Construct/Rehabilitate Airport Roadways and Parking Lots.
- i. Install/Upgrade Airport Fencing and Security Systems.
- j. Land Acquisition
- k. Such other airport-related work as the Brantley County Board of Commissioners may deem necessary.

Projects are limited to those in the attached project list and may be accomplished over multiple years, task orders, and Federal and State grants. Projects or work elements not included in this list or agreement may require additional procurement actions to ensure compliance with Federal and State requirements and to ensure qualification of staffing for specialized tasks. The addition of a similar project or work element without additional procurement action requires the Georgia Department of Transportation's written approval of the Brantley County Board of Commissioners request and justification to forego a separate procurement action.

### **Submission Requirements**

### Evaluation Criteria

\*\*\*\*\*

Per FAA AC 150/5100, 14E, change 1, 2.8.1, The Sponsor(s) should include the selection criteria with a Request for Qualifications (RFQ) in advance of the selection process.

Airport Sponsor must develop a list of selection criteria for evaluating potential consultants based on the proposed scope of service prior to advertising the RFQ. Numerical rating factors should be assigned to each criterion based on the Sponsor's priorities and conception of the importance of each factor in the attainment of a successful project.

Based on a Sponsor's goals/objectives for each project, the list of selection criteria will vary for each RFQ and must be appropriate for the proposed scope of services. Suggested selection criteria include, but are not limited to, the following:

\*\*\*\*\*

The following criteria shall be used to select the consultant:

1. Capability to perform all or most aspects of the project and recent experience in airport projects comparable to the proposed tasks.
2. Key personnel's professional qualifications and experience and availability for the proposed project; their reputation and professional integrity and competence; and their knowledge of FAA and State regulations, policies, and procedures.
3. Capability to meet schedules or deadlines.
4. Quality of projects previously undertaken and capability to complete projects without having major cost escalations or overruns.
5. Qualifications and experience of sub-consultants regularly engaged by the consultant under consideration.
6. Capability of a branch office that will do the work to perform independently of the home office, or conversely, its capability to obtain necessary support from the home office.
7. Ability to furnish qualified inspectors for construction inspection.
8. Understanding of the projects' potential challenges and the sponsor's special concerns.
9. Degree of interest shown in undertaking the project and familiarity with and proximity to the geographic location of the airport.
10. Capability to incorporate and blend aesthetic and architectural concepts with the project design while accomplishing the basic requirements that transportation facilities be functional, safe, and efficient.
11. In meeting the Disadvantaged Business Enterprise (DBE) contract goal, evidence documenting the consultant met the DBE goal, or by documenting that it made adequate good faith efforts to meet the DBE goal.
12. Capability to conduct a Value Engineering (VE) study for projects that are particularly complex or have unique features.

### Selection Process

Qualifications will be reviewed and evaluated by a Selection Committee based on the criteria listed herein. At the discretion of the Selection Committee, consultants may or may not be invited to participate in an interview. Interviews, if conducted, may be conducted via phone, informal and/or formal in-person and a

### Questions:

1. Is there a current Phase I Environmental Site Assessment (ASTME E1527-21 compliant and less than 180 days old) available?
2. Due to the age of the motel building, has it been screened for lead-based paint and Asbestos Containing Materials?

### Answers:

1. There has not been a Phase I environmental site assessment performed on the property within the last 180 days.
2. a. The motel was built in 1950 per County Records. Therefore the likelihood of lead based paint is almost certain (anything prior to 1978).
3. b. We have not ascertained if the building contains asbestos nor had it tested.
